

50 Years of History

Colombia

Name of organisation: Colombian Scientific Association of Orthopaedic Manipulative Physical Therapy (OMT-Colombia)

Year organisation started: 2014

RIG of IFOMPT since: 2014

Key influencers of OMPT through the years:

The most significant influence has come from Chile, provided by Professor Mariano Rocabado

Development over the years:

Due to the lack of clear legislation or a law on specialties, development has been complex, as there is misinformation alongside Osteopathy and Chiropractic.

Any major changes or challenges in the last 50 years:

We have noticed a lack of interest as scientific evidence advances in other areas of the profession.

Current status and challenges:

We are currently working on the launch of a Master's in OMT.

The future of the organisation:

Our future looks very uncertain due to economic reasons
